ABOUT

YES project will introduce entrepreneurship education in order to teach students life skills and give them a personal, financial and economic understanding.

The project is a result of contemporary needs of constant changes of modern life which means students must be equipped with life skills by implementing entrepreneurial education in each partner school.

The project will teach kids to turn ideas into action through European cooperation among schools.

MAIN PROJECT AIMS:

- developing learning through effective teamwork;
- developing mathematical skills by employing;
- enterprising education into the curriculum;
- developing problem solving skills by preparing mini business plans;
- using initiative by organizing E+E Day;
- promoting informal and non-formal teaching and learning developing ICT and English skills.

The project is funded under:

Key Action 2 -Cooperation for Innovation and Exchange of Good Practices for School Education
